Plenary discussion: What measures should be taken for low-income countries? Domestic resource mobilization strategies, and trade-offs in countries: Discussion on optimal strategies for countries

Moderator Noella Umulisa

Group discussions/Questions

- **Question 1:**
  "How is your country managing the impact of declining funds on malaria case management while still ensuring the delivery of quality services, and what good practices or lessons can you share from your experience?"
- **Question 2:**
  "What innovative strategies is your country adopting to mobilize additional domestic resources for malaria case management in sustainable and equitable ways, particularly in the face of declining external funding?"
- **Question 3:**
  " In light of resource constraints, how can development partners and the private sector work with governments to ensure trade-offs in malaria case management are managed effectively and equitably?"

Question 2

- **English:**

What innovative strategies is your country adopting to mobilize additional domestic resources for malaria case management in sustainable and equitable ways, particularly in the face of declining external funding?"

- **French:**
  "Quelles stratégies innovantes votre pays adopte-t-il pour mobiliser des ressources nationales supplémentaires pour la prise en charge des cas de paludisme de manière durable et équitable, en particulier face à la baisse du financement externe ?"
- **Portuguese:**
  "Quais estratégias inovadoras o seu país está a adotar para mobilizar recursos internos adicionais para a gestão de casos de malária de forma sustentável e equitativa, especialmente perante a redução do financiamento externo?"

Questions 3

- **English:**
  "In light of resource constraints, how can development partners and the private sector work with governments to ensure trade-offs in malaria case management are managed effectively and equitably?"
- **French:**
  "Compte tenu des contraintes de ressources, comment les partenaires au développement et le secteur privé peuvent-ils collaborer avec les gouvernements pour garantir que les arbitrages dans la prise en charge des cas de paludisme soient gérés efficacement et équitablement ?"
- **Portuguese:**
  "À luz das limitações de recursos, como os parceiros de desenvolvimento e o setor privado podem trabalhar com os governos para garantir que os trade-offs na gestão de casos de malária sejam geridos de forma eficaz e equitativa?"
